

<b>Name SURNAME: Adrian Oehmen</b>			
<b>Function:</b>	Assistant professor at Department of Chemistry		
<b>Institution:</b>	Universidade Nova de Lisboa (NOVA.ID.FCT)		<input type="checkbox"/> Funding Agency xProgramme Manager
<b>Email:</b>	<a href="mailto:a.ohmen@fct.unl.pt">a.ohmen@fct.unl.pt</a>		
<b>Phone:</b>	+351212948571		
<b>Division</b>	Faculty of Science and Technology		
<b>Areas of Expertise:</b>			
Wastewater treatment Enhanced biological phosphorus removal Nitrous oxide production			
<b>Short Description of your Institution:</b>			
<p>The <i>Associação para a Inovação e Desenvolvimento at Faculdade de Ciências e Tecnologia</i> (Nova.id.FCT) is a private non-profit initiative of the Faculdade de Ciência e Tecnologia da Universidade Nova de Lisboa (FCT/NOVA) to promote and facilitate scientific research, technology and development services to society, and to organize qualified human resources training and consulting expertise and knowledge dissemination and technology transfer. The Biochemical Engineering (BIOENG) group at FCT/UNL is the participant research group and is devoted to develop high quality scientific research (both fundamental and applied) in the areas of Environmental and Industrial Biotechnology with main focus on: Wastewater Treatment Processes, Anaerobic Digestion, Micropollutants, Biological Nutrient Removal and Recovery; Greenhouse Gas Emissions; Production and Characterization of Polyhydroxyalkanoates (PHAs), Microbial Polysaccharides and Bulk Chemicals.</p>			
<b>Role in the project:</b>			
Investigator
