

Name SURNAME: Prof. Ignasi Rodriguez-Roda		
Function:	Full professor in Chemical Engineering	
Institution:	Catalan Institute for Water Research (ICRA) <input type="checkbox"/> Funding Agency x Programme Manager	
Email:	irodriguezroda@icra.cat	
Phone:	+34972183380	
Division	Technologies and evaluation	
Areas of Expertise:		
Wastewater treatment Membrane bioreactors Decision support systems		
Short Description of your Institution:		
<p>the Catalan Institute for Water Research Foundation (ICRA) is a multi-disciplinary research institute created on 26 October 2006 by the Government of Catalonia within the framework of the Research Centres Programme of Catalonia (CERCA). ICRA is particularly interested in investigating and solving the impacts of drought, along with the aspects of quality in the treatment and reuse of water, dedicating priority attention to the Mediterranean Sea, but it also studies aspects related to the integral water cycle, hydraulic resources, water quality (in the broadest sense of the term: chemical, microbiological, ecological, etc.), treatment technologies and evaluation tools.</p>		
Role in the project:		
Principal Investigator and coordinator		

Date, September 11th 2016
