

Name SURNAME: Ziegler, Rafael		
Function:	Head of research social-ecological research group GETIDOS	
Institution:	University of Greifswald <input type="checkbox"/> Funding Agency <input type="checkbox"/> Programme Manager	
Email:	rziegler@uni-greifswald.de	
Phone:	+49 (0)3834.420-4199	
Division	Social-ecological research group GETIDOS at the Chair of Environmental Ethics, Institute of Botany and Landscape Ecology and Institute of Philosophy (co-opted)	
Areas of Expertise:		
Water ethics and environmental ethics, social innovation & social entrepreneurship		
Short Description of your Institution:		
<p>GETIDOS is a social-ecological platform researching sustainable solutions, with a focus on social entrepreneurship and social innovation, and offering education on these topics. GETIDOS stands for "Getting Things Done Sustainably". The maxim is a call for innovative action - do something! - and situates itself within sustainable development as an open process. Our research is transdisciplinary: it is problem-oriented and involves non-academic partners. Our approach is also transmediary: we draw on film and symbolic action just as much as on the written word for analysis and communication. Further information: www.getidos.net</p>		
Role in the project:		
<p>Work Package Leader WP6: Social grid analysis to explore barriers and opportunities for social-ecological innovation combining wetland buffer zones with paludiculture</p> <p>Work Package Contributor WP5 on topics of water valuation and social innovation.</p>
