

Name SURNAME: Mathias Neumann Andersen			
Function:	Professor		
Institution:	Aarhus University Department of Agroecology		<input type="checkbox"/> Funding Agency: Innovation Fund Denmark
Email:	MathiasN.Andersen@agro.au.dk		
Phone:	0045 8715 7739		
Division	Climate and Water		
Areas of Expertise:			
Irrigation, fertilization, plant-water relations, photosynthesis, decision support systems.			
Short Description of your Institution:			
The Department of Agroecology carries out research in agroecology, that is to say the interaction between plants, animals, humans and the environment within agroecosystems for the production of food, feed, energy and biobased products. We contribute to sustainable production and growth via excellent research, advice and teaching. The department has approximately 270 employees and belongs to the Faculty of Science and Technology at Aarhus University.			
Role in the project:			
AU will lead field trials and demonstration activities in Denmark. Furthermore, AU will lead the scientific publication activities in the project. AU will organize a farmer/advisor participation group in and organize workshops and demonstration activities in Denmark.
