# Introduction: JPI Calls

## Public-to-Public Partnership

- **Align National Strategies & Programmes**
- **Help to Overcome Fragmentation of Public Research Efforts**

### HOW?

#### **Example: Implementation of Joint Calls with or without European Commission contribution**

National Funding Partner Organisations join their efforts at pooling financial resources to fund specific research and innovation topics, sometimes with the support of the European Commission

## 2018 JOINT CALL **Water JPI 2018 Joint Call OPEN**

The Water JPI 2018 Joint Call on "Closing the Water Cycle Gap – Sustainable Management of Water Resources" within the frame of the [WaterWorks2017](#) ERA-NET and co-funded by organisations of the Water JPI officially launched on 19 February 2018.

Proposals submitted under this call must address at least one of the following themes:

• Improving sustainable management of water resources,

• Strengthening socio-economic approaches to water management, and

- Supporting tools for sustainable integrative management of water resources.

The Water JPI 2018 Joint Call will be funded by 20 Funding Partner Organisations from the following 18 countries: Brazil, Cyprus, Egypt, Estonia, Finland, France, Ireland, Italy, Israel, Netherlands, Norway, Poland, Romania, South Africa, Sweden and Tunisia, and with the support of the European Commission. The total estimated budget for the call is 19.3 M€.

The first step of this call will close on 24 April 2018 at 17:00 CEST, whereas the second step of this call will close on 18 September 2018 at 17 CEST. [More details](#) on the Call webpage.

## Water JPI 2018 Joint Call Closing the Water Cycle Gap – Sustainable Management of Water Resources

### BACKGROUND

The ERA-NET Cofund WaterWorks2017 responds to the Horizon 2020 (H2020) Societal Challenge 5 2017 Call topic SC5-33-2017: Closing the water gap, which aims at delivering on priorities identified in the Water JPI Strategic Research and Innovation Agenda ([SRIA](#)), in order to reconcile water supply and demand, both in terms of quantity and quality, and also in terms of space and time. WaterWorks2017 will be implemented through the Water JPI 2018 Joint Call for transnational collaborative projects on Research & Innovation to support the implementation of water policies, in particular on [SRIA Theme 5](#) "Closing the Water Cycle Gap – Improving Sustainable Water Resources Management". The following two themes are targeted in this thematic area:

- Enabling sustainable management of water resources; and
- Strengthening socio-economic approaches to water management.

### WaterWorks 2017 will benefit:

- Researchers
- policy-makers
- water authorities
- utility operators
- industry
- citizens

*By developing  
research and  
innovation in the  
water area*

## 2018 JOINT CALL

## SCOPE OF THE WATER JPI 2018 JOINT CALL

Closing the water cycle gap refers here to bridge the gap in “supply – demand”. Proposals are invited on the topic “Closing the Water Cycle Gap – Sustainable Management of Water Resources” organised around three challenges:

- Enabling sustainable management of water resources,
- Strengthening socio-economic approaches to water management, and
- Supporting tools for sustainable integrative management of water resources.

The Water JPI 2018 Joint Call will be funded by 20 Funding Partner Organisations from 18 countries and with the support of the European Commission.

**2018 JOINT CALL**

[View the list of participating countries.](#)

This Call is for transnational research proposals. Consortia should include at least three (3) eligible independent partners coming from three (3) different countries whose Funding Partner Organisation participate in the call, from which, at least two (2) eligible independent partners come from two (2) EU Member States or H2020 Associated countries whose Funding Partner Organisation participates in the call.

Funding of the participating researchers will be provided by their respective national funding organisations, in accordance with their national eligibility conditions.

Researchers from other countries can also participate at their own costs (commitment needed for being associated to a consortium applying to the Water JPI 2018 Joint Call).

**2018 JOINT CALL**

# Participating countries and Funding Partner Organisations:

Country		Funding Partner Organisation	
<b>Belgium</b> (French-speaking community)		F.R.S.-FNRS	Fund for Scientific Research
<b>Brazil</b>		CONFAP	Brazilian National Council for the State Funding Agencies
<b>Cyprus</b>		RPF	Research Promotion Foundation
<b>Egypt</b>		ASRT	Academy of Scientific Research and Technology
<b>Estonia</b>		ETAg	Estonian Research Council
<b>Finland</b>		AKA	Academy of Finland
<b>France</b>		ANR / AFB	National Research Agency, with the support of the French Agency for Biodiversity

# Participating countries and Funding Partner Organisations:

Country		Funding Partner Organisation	
Ireland		EPA	Environmental Protection Agency
Israel		MoE-IL	Ministry of Energy
Italy		MIUR	Ministry of Education, Universities and Research
Netherlands		NWO	The Netherlands Organisation for Scientific Research
Norway		RCN	Research Council of Norway
Poland		NCBR	National Center for Research & Development
Romania		UEFISCDI	Executive Agency for Higher Education, Research, Development and Innovation Funding

# Participating countries and Funding Partner Organisations:

Country		Funding Partner Organisation	
South Africa		WRC	Water Research Commission
Spain		AEI	State Research Agency
Spain		CDTI	Centre for the Development of Industrial Technology
Sweden		FORMAS	Swedish Research Council for Environment, Agricultural Sciences and Spatial Planning
Tunisia		IRESA	Institution for Agricultural Research and Higher Education
Tunisia		MHSER	Ministry of Higher Education and Scientific Research

## **PLANNED TIMEFRAME**

**Opening of the 2018 Joint Call** – 19 February 2018

**Webinar for applicants** – 12 March 2018

**1st stage** – Deadline for submission of pre-proposals: 24 April 2018, 17h00 (CEST)

**2nd stage** – Deadline for submission of full proposals: 18 September 2018, 17h00 (CEST)

**2018 JOINT CALL**

## **Closing the Water Cycle Gap – Sustainable Management of Water Resources**

**Theme 1: Enabling Sustainable Management of Water Resources**

**Theme 2: Strengthening Socio-economic Approaches to Water Management**

**Theme 3: Supporting Tools for Sustainable Integrated Management of Water Resources**

# Scope: ERA-NET Cofund 2018 Joint Call

The Water JPI 2018 Joint Call will pool R&I efforts from countries participating in the Water JPI. The scope of the Call was defined in accordance with the principles of the Water JPI SRIA, as follows:

- All societal forms of water use are within the scope of the Call;
- All aquatic ecosystems subject to impacts as described in the [Water JPI SRIA](#) are within the scope of the Call.

## IMPORTANT

Proposals should focus on fresh waters and may consider transitional waters; those on marine system will not be eligible.

# Call description:

## ERA-NET Cofund 2018 Joint Call

---

**The FPOs particularly wish to:**

- i) Promote transdisciplinary research;
- ii) Encourage proposals combining basic and applied approaches;
- iii) Stimulate mobility of researchers within the consortia;
- iv) Enhance collaborative R&I during the project's lifespan and beyond; and
- v) Promote international cooperation in the water area.

# Call description:

## ERA-NET Cofund 2018 Joint Call

---

### Proposals are expected to:

- Address one or up to three themes;
- Address at least one of the entire sub-topics listed in the call announcement – Applicants are encouraged to integrate more than one sub-theme in their proposals;
- Address at least one of the UN SDG targets 6 and 13
- Go beyond the State of the Art
- Propose case studies at local or regional level in Europe and beyond
- Consider Gender dimension
- **And** Encourage International participation in Water R&I in different environments

# Call description:

## ERA-NET Cofund 2018 Joint Call

---

### Open access and open data

The optimization of the impact of publicly-funded scientific research is of fundamental importance to improve conditions to

- minimise the time spent searching for and accessing information,
- speed up scientific progress and
- make it easier to cooperate across and beyond the EU.

# Eligibility:

## ERA-NET Cofund 2018 Joint Call

---

### Main Rules (I)

Each consortium must be composed of at least a minimum of three eligible partners that request funding from participating Funding Partner Organisations from three different countries;

Proposals should be submitted by Universities and other higher education institutions, public research institutions, private non-profit organisations, and private companies, **according to National/Regional Regulations**;

A partner in a proposal is defined as i) a principal investigator that requests funds or ii) a principal investigator that contributes with own funds to the proposal;

**all** proposals should emphasise participation of stakeholders, and dissemination and exploitation of results.

# Eligibility:

## ERA-NET Cofund 2018 Joint Call

---

### Main Rules (II)

- Proposals **MUST** be received before the deadlines;
- Proposals **MUST** meet all the formal criteria (submitted electronically, respect page limits and number/type of attachments allowed, written in English language);
- Topics of proposals **MUST** be fully relevant to the scope of the call;
- Maximum requested global budget per proposal: 1.5 M€;
- Duration of projects: **MUST** be between 24 to 36 months;
- Open Access requirements for all scientific publications produced by the projects funded by the Joint Call.

# National/Regional Regulations: ERA-NET Cofund 2018 Joint Call

---

## In addition to the General Eligibility Criteria...

- **Each partner should contact their National Contact Point** (see Call Announcement, **chapter X**) to assure the full compliance with the National/Regional Eligibility Criteria, as described in the National/Regional Regulations.

## Each partner must ensure that his/her contribution to the overall project conforms to:

- Where applicable, relevance of the topic(s)/subtopic(s) of the proposals to national/regional programmes and strategies;
- Compliance with national funding criteria and regulations;
- Compliance with limits to budget requests, or any other aspects detailed in the documentation available.

# Application: Submission platform I (4)

**Welcome to the ANR's online project submission platform.  
You selected the Call:  
Water JPI Joint Call 2018**

- To create a proposal:
  - You first have to register. Please fill in the following fields and then validate:  
If you already have an account on the submission site, we advise you to use the same email address to avoid the multiplication of credentials.

Email address:

Validate

- Following the validation:
  - If you don't have already an account on the submission site, a confirmation email and an activation email will be sent to you.
  - If you already have an account on the submission site, only a confirmation email will be sent to you.
- Please access then the [authentication page](#).

## **Some tips to help you during the submission stage**

- Each modified page must be saved before going to the next one. If you do not click on save, all the information you entered after the last save will not be preserved.
- Be careful about the Call closing date and time. No changes will be possible after the submission deadline.

We thank you for your interest and wish you a successful submission.

**\*To get your personal Login and Password, you must provide your **Email address** an then click on « **Validate** ».**

**\*To create a new pre-proposal you have to provide your **Email address** an then click on « **Validate** » even if you already have an account.**

# You will be asked to accept or decline the collection and processing of your **personal data** by the French National Research Agency (ANR).

### Consent to the collection and processing of personal information

#### Data Protection

The French National Research Agency (ANR) (a public administrative body, located at 50 avenue Daumesnil 75012 Paris, France, phone: +33 1 78 09 80 00, registered under SIRET number 130 002 504 000 20) has at its disposal computer resources designed to ensure evaluation and monitoring of projects.

The information recorded for this purpose is for the sole use of the services concerned and can only be communicated to the following recipients with regard to the projects that concern them: ANR agents, experts and members of evaluation committees, members of competitiveness clusters, representatives of Ministries supervising ANR and representatives of other funding agencies, where appropriate (co-funding).

Some of these recipients (especially agents from foreign agencies in the case of co-funding, foreign experts in charge of evaluating a portfolio of projects) are located outside the European Union and in particular in the following countries: South Africa, Brazil, Canada, Chile, China, South Korea, Egypt, United States of America, Hong Kong, India, Japan, Mexico, Moldova, Norway, Singapore, Switzerland, Taiwan, Tunisia and Turkey.

The following data will be communicated in particular to these recipients: civil status, identity and professional life information.

The transfer of these data to recipients located outside the European Union is intended to ensure the evaluation and monitoring of projects.

Where appropriate, the following safeguards have been taken to ensure an adequate level of protection of personal data : the country offers an adequate level of protection; the performance of a contract between the data controller and the data subject; the conclusion or performance of a contract, either concluded or to be concluded in the interest of the data subject between the data controller and a third party or the consent of the data subject.

In accordance with the data protection law of 6 January 1978 as amended, you have the right to access and rectify your personal data. As such, you can access your user profile and rectify certain information about yourself. In addition, you have the right to contact ANR's Personal Data Protection Officer via this [form](#).

You may also use the above form in order to oppose to the processing of your personal data for legitimate reasons or request that your personal data be deleted.

More information on personal data protection can be found on the CNIL website.

☒ By ticking this box:

1) I acknowledge that I am aware of the way in which ANR will collect and process my personal data and that my data may be transferred outside the European Union.

2) I confirm that I have been informed of my rights in respect of personal data protection.

3) I give my explicit consent to ANR so that it may collect and process my personal data and transfer them outside the European Union.

I accept

I decline

By ticking and accepting the Data Protection terms and conditions, you will receive an automatic email that includes a **password** and the **link to the authentication page**.

After logging in, you can **choose your profile**: Consortium Coordinator (also denominated Project Coordinator) or Consortium Partner (also denominated Project Partner).

# Pre-Proposal Templates

## ERA-NET Cofund 2018 Joint Call

### How to complete Part B

Part B of the proposal contains the details of the proposed research and collaborative efforts. At the pre-proposal stage, the practical arrangements planned to implement the proposal (this will relate to the Quality and Efficiency of the Implementation Section of the Full Proposal at second stage) will not be evaluated by the independent experts. We would advise you to address each of the award criteria as outlined in the following sections. Please note that the explanatory notes below serve to explain the evaluation criteria without being exhaustive.

**Applicants must structure their proposal according to the headings indicated in the Part B pre-proposal template below.**

Applicants must ensure that their pre-proposals conform to the layout and to the instructions given on this page. The **maximum total length of sections 1 to 3 of Part B of the proposal is 5 pages**. Taken into consideration that the overall document will have one page for the cover and one page for the table of contents, the overall page count must be 7 at maximum.

There is no specific page limit per each individual section of Part B. **Within the overall five-page limit**, applicants are therefore free to decide on the length dedicated to each section.

Please remember that it is your responsibility to comply with the page limit and all other formal eligibility criteria. Proposals not meeting all these criteria will be declined without further review.

The page size is **A4**, and all **margins** (top, bottom, left, right) should be at least **15 mm** (not including any footers or headers). This document has the correct format and font. Use this as your starting document and delete where appropriate. **Use the same font and style for the whole proposal (Times New Roman, 11 pt, single spacing).**

**Literature references should be listed in footnotes**, font size 9. However, regardless of the format used, all footnotes will count towards the page limit.

Please make sure that the **Part B of your proposal carries as a header to each page the proposal acronym**. All pages should be numbered in a single series on the footer of the page to prevent errors during handling. The numbering format "**Page X of Y**" should be used.

## ERA-NET Cofund 2018 Joint Call

**MAXIMUM OF 5 PAGES**

(including References)

**SUMMARY:**

**Cover + Table of Contents + 5 pages**

**DOCUMENT SUBMITTED WILL HAVE A  
MAXIMUM OF 7 pages**

**Cover + Table of Contents are mandatory  
and have to be one page each**

### START PAGE COUNT

#### 1. PROJECT SUMMARY

Please provide a short summary of the proposal, which can be the same as the publishable abstract, built around the research/innovation project.

#### 2. EXCELLENCE

This section is intended to evaluate the quality, innovative aspects and credibility of the research, including inter/multidisciplinary aspects. The following subtopics should be included:

- **Introduction**
- **State-of-the-art**
- **Objectives and overview of the action** (The specific objectives for the project should be clear, measurable, realistic and achievable within the duration of the project. Objectives should be consistent with the expected exploitation and impact of the project)
- **Relation to the scope of the call** (Clearly indicate which challenge(s) and sub-topic(s) your proposal is addressing and explain how your proposal addresses the specific challenge and scope of that topic, as set out in the Call description.)
- **Work package description** (including research methodology and approach, highlighting the type of research and innovation activities proposed)
- **Originality and innovative aspects of the research** (explain the contribution that the project is expected to make to advancements, including novel concepts, approaches or methods employed)

#### 3. IMPACT (topics to be included are described below):

This section is intended to evaluate the impact of the research project. The following subtopics should be included:

- **Expected Outcomes and impact of the research** ((i) Describe how your project will contribute to: (a) each of the expected impacts mentioned in the Call Announcement, under the relevant topic; (b) any substantial impacts not mentioned in the Call Announcement, that would enhance innovation capacity; (ii) Describe any barriers/obstacles, and any framework conditions (such as regulation, standards, public acceptance, workforce considerations, financing of follow-up steps, cooperation of other links in the value chain, that may determine whether and to what extent the expected impacts will be achieved.)
- **Exploitation** (All applicants should ensure that the results of their project are disseminated and exploited, e.g. communicated, transferred into other research/innovation settings or, if appropriate, commercialised).
- **Added-value of the partnership to Water RDI**
