	<p>Funding Organisation:</p>	<p>Agence National de la Recherche (ANR)</p> 
<p>National Contact Point (NCP)</p>	<p>Name:</p> <p>Tristan LESCURE</p>	<p>Email and Phone:</p> <p>tristan.lescore@anr.fr +33 (0)1 73 54 82 20</p>
<p>Eligible Institutions</p>	<p>ANR may finance Partners that have their primary establishment in France and/or Partners established in the EU and that can prove that they have a secondary establishment in France. To be eligible, the consortium must include at least one French public research organization (EPA, EPSCP, EPST, EPIC).</p> <p>Enterprises, non-profit organizations or associations are eligible for funding (for specific funding rates, please consult ANR's "Règlement financier" available at: https://anr.fr/fr/rf/)</p>	
<p>Eligible Applicants</p>	<p>Only research Partners established in the EU and that can prove that they have a primary or a secondary establishment in France may be financed by ANR (please consult ANR's "Règlement financier" available at: https://anr.fr/fr/rf/ for more details).</p>	
<p>Eligible Costs</p>	<p>Standard ANR funding rules apply for eligible costs and funding rates. These rules are specified in ANR's "Règlement financier" mentioned above and in an explanatory note available at: https://anr.fr/fileadmin/documents/2017/ANR-RF-Fiche-COUTS.pdf</p> <p>Eligible costs (e.g.: personnel costs, costs of instruments and equipment, additional overheads and other operating expenses incurred directly as a result of the research project such as, for instance: travel costs) and funding rates vary based on the type of research and research Partner concerned.</p>	
<p>Funding Commitment</p>	<p>Total Amount for the Call</p> <p>200 000€</p>	<p>Maximum Amount Per Proposal</p> <p>200 000€</p>
<p>Other Funding Criteria</p>	<p>The funding requested from ANR for a project must be between 15 000 € and 200 000 €. If there are several partners requesting funding from ANR, the 200 000 € have to be shared.</p> <p>Please check the National Funding Regulation at: https://anr.fr/fr/rf/</p>

Additional Info	<p><u>Additional eligibility criterion:</u> To be eligible, the proposals must not be judged as similar with another proposal. The similarity between two Projects is established when these Projects (in their entirety or in part) describe identical main objectives or result from a simple adaptation.</p> <p><u>Project partners' commitment:</u> <u>Access to genetic resources and traditional knowledge associated with genetic resources</u> Pursuant to the Nagoya Protocol, ANR must obtain documentary evidence of Due Diligence Declarations (DDD) for all research projects that it funds. Projects funded will be asked to make a declaration on potential utilisation of genetic resources during their projects. DDDs for research work can be submitted online using the special application on the MESRI website. Credentials to access the application can be obtained from the director of the host institution. For full details, go to: http://www.enseignementsup-recherche.gouv.fr/pid37627/utilisation-ressources-genetiques-associees.html</p> <p><u>Open Science</u> As part of the contribution of the ANR to the promotion and implementation of an open science, and in connexion with the National plan for an open science, the applicants formally undertake, if they receive funding, to: (1) post the full texts of all scientific publications resulting from the research project in an open archive (either directly in HAL or via a local institutional archive); and (2) to provide a data management plan (DMP) within 6 months of the project start, as per the ANR Funding regulation (<i>Règlement financier</i>) and the arrangements communicated in the act allocating the grant. Besides, the ANR recommends that publications be made in reviews or books in native open access.</p> <p>Terms and conditions and important recommendations for partners requesting funding from ANR will be published on ANR website.</p>

SWEDEN

	<p>Funding Organisation:</p>	<p>Swedish Research Council (SRC)</p>  <p>Swedish Research Council</p>
<p>National Contact Point (NCP)</p>	<p>Name:</p>	<p>Email and Phone:</p>
	<p>Anna Maria Fleetwood</p> <p>Patriq Fagerstedt</p>	<p>anna.maria.fleetwood@vr.se +46(0)8-546 44 186</p> <p>patriq.fagerstedt@vr.se +46 (0)8-54644246</p>
<p>Eligible Institutions</p>	<p>Grants from the Swedish Research Council shall be administered by a Swedish university or HEI or another Swedish public organisation that fulfils our criteria for administrating organisations. To apply, your organisation must therefore be approved as an administrating organisation. Please note that as a consequence, Swedish researchers working for a company cannot be financed, and should therefore not submit an application to the Swedish Research Council, even if they are part of a consortium application.</p>	
<p>Eligible Applicants</p>	<p>You must hold a Swedish doctoral degree or a corresponding foreign degree, awarded no later than the deadline for this call.</p> <p>You may only submit one application for this grant, and you may only be the Swedish partner of one consortium in this call. The applicant may not have an ongoing JPIAMR grant or any other project grant concerning the same project concept, funded by the Council, at the start of the grant period.</p>	
<p>Eligible Costs</p>	<p>The project grant may be used to fund all types of project-related costs, such as salaries (including your own salary, however no more than corresponding to the person's activity level in the project), running costs (such as consumables, travel including stays at research facilities, publication costs and minor equipment), premises and depreciation costs.</p> <p>Grants may not be used for scholarships. If a doctoral student participates, project funds may not be paid out as salary during teaching or other departmental duties.</p>	
<p>Funding Commitment</p>	<p>Total Amount for the Call</p>	<p>Maximum Amount Per Proposal</p>
	<p>€ 100,000</p>	<p>A maximum of EUR 50,000 per project with 1 Swedish participant, or a maximum of EUR 100,000 per project with 2 Swedish participants.</p>
<p>Other Funding Criteria</p>	<p>The Swedish Research Council will support research projects under the theme “Research and development of innovative strategies and methods for knowledge transfer, scientific networking, and increased public engagement”</p>	

	<p>All Swedish applicants must communicate with the national contact person regarding their intention to participate in the call, before submission of the consortium application.</p> <p>All Swedish partners participating in the call and applying for funding from the Swedish Research Council shall also submit a parallel application using the Swedish Research Council's application system Prisma. The application form in Prisma can be reached from the call text at the SRC website.</p> <p>Parallel application is a mandatory eligibility criterion. Failure to submit the parallel application to the Swedish Research Council before the deadline of the Prisma call will result in the Swedish partner being declared ineligible.</p>
